1. The Finowfurt (N 53/Z 98) castle estate lies 200 meters east of the east perimeter of Finowfurt, between the road to Finow (N 53/V 08) and the Finow Canal. A craftsman employed at the estate stated that a Soviet signal communication control point was located there. Most of the officers were allegedly Soviet Jews who spoke German.

2. A fuel dump was in the factory installations of the former Hermannmuehle sawmill, 500 meters southwest of the Finowfurt railroad station. The dump, about 250 x 350 meters, had a railroad connection to the Finowfurt railroad station. A Soviet Air Force sentry was posted at the dump gate.

Comment:

a. The presence of a signal communication unit near Finowfurt is considered credible as another source reported a radio station or a radar set from there.* Numerical designation and assignment of the unit are unknown. Attempts are being made to obtain further data.

b. The fuel dump was reported by another source.**
